Orion Blinds - "Dahlia" Roman Blind

Harlequin Fabrics - Momentum Collection

At this time of year, we all feel the cold of the fresh mornings and chilly nights. Fully lined Drapes will not only provide insulation from the both the Cold weather & our hot Summers but also gives you maximum light Blockout. We use a Soft Suede 3 pass Blockout lining behind all our Drapes, which improves the hang of your Drape and provides warmth and protection from the outside.

We have been Specialist Dealers for "Verosol Blinds" since 2001. They have a fantastic product range and provide a 5 year warranty on all their Blind products.

They are widely recognised for their very popular Pleated Blinds.

Verosol's **Twin Pleated Blind** is a versatile blind practical for both day and night time use. A two-in-one pleated blind offering privacy without losing your view – select a sheer fabric and enjoy your day time view, and a blockout fabric for room darkening and insulation at night.

Simple and elegant, with a small stack height and short projection, giving you an uninterrupted view from your home or office window. Ideal for rooms requiring extra light control for video screens and audio visual presentations.

If you would like to see any more of Verosol products, phone us to make an appointment.

Twin Pleated Blind

We have just received some beautiful new fabrics and wallpapers from "[Sanderson](#)" and know they will be huge here in Australia for our Autumn/Winter. We have featured the "Byron Woods" collection in the latest "Yarra Valley & Ranges" magazine. Keep in mind that we can bring our fabric and wallpaper samples to you to view in your home when you make an appointment with Robert. These new collections are not to be missed; I'm sure you will love them as much as we do!
