

Taits Interiors - Winter 2014

We welcome all our valued Clients to the first of our informative and inspiring Newsletters. After 12 months of business without our Showroom in Bayswater we are positive that the change will remain a good one. We still love hearing from our existing Clients and it's great to know the word is still spreading about our Quality, Good Advice, Service and of course, our Beautiful Fabrics!

Please don't hesitate to contact us on 9729 2866 should you wish to discuss your Window furnishing requirements with Robert or Natalie, or send us an email via our website, www.taitsinteriors.com.au.

The frost on our windows is surely increasing this time of year, so it's important to ensure maximum thermal protection by using a good quality Lining behind your Curtains. This is also an advantage in summer to not only keep cooler and reduce our electricity costs but also to keep UV rays from damaging our Carpet and Furniture. Pelmet's above either Curtains or Blinds are a great asset when insulating your home and not only create that important 'air trap' above your window but give greater light Blockout for Bedrooms as well as a neat & classic finish to your Window.

We **THANK YOU** for taking the time to read our Newsletter and invite you to browse our website for ever changing images and ideas. Join us on Facebook, follow us on Pinterest, LinkedIn or Phone us - we always love hearing from you!!

Kind regards until next time,

Robert Strang & Natalie Guest
